CHEERS

Education to Save Lives

CHEERS Corporation

Community Health Education Emergency Rescue Services) is a private, registered corporation conceptualized and organized by the triumvirate of three healthcare professionals, Alvin Montano, Sandy Montano and Ahed Al Najjar who have seen the pressing need for quality and innovative community health and safety education, emergency and rescue services in the Philippines.

CHEERS is a dynamic and fast growing company based in Quezon City, Manila, Philippines, provides trainings on Emergency Medical Services with International and Local Certification. It has modernized and fully equipped its facilities and upgraded its training equipment which conforms with the International Standards on Health and Safety trainings and continuously updates its technology and services through innovations and current researches.

CHEERS is an American Heart Association (AHA) International Training Center, an independent American Safety and Health Institute (ASHI) authorized Training Center and an Emergency Care and Safety Institute (ECSI) Educational Center in the Philippines to conduct CPR and ECC Courses for healthcare providers and lay rescuers.
